DETAILED ACTION

1. According to paper filed on Feb. 22, 2005, the applicants have canceled claims 1-14; amended claim 17 and furthermore, have added new claims 31-35.
2. Claims 15-35 are now pending in the application.

REASONS FOR ALLOWANCE

3. The following is an examiner's statement of reasons for allowance:

Claims 15-35, renumbered as claims 1-21, are allowed since the applicants have either canceled or amended claims to overcome indefiniteness, prior art and obviousness-type double patenting rejections and furthermore, due to their persuasive arguments regarding advantages of the instant process over the cited prior art processes to overcome obviousness rejections. The examiner agrees with the applicants arguments that the instant process eliminates the formation of 6-methylcodeine as impurity and furthermore, simplifies the isolation procedure for removing the byproduct dimethylaniline as stated on page 5 of instant specification. Thus, all rejections under 35 U.S.C. 112, second paragraph, 35 U.S.C. 102(b), 35 U.S.C. 103(a) and obviousness-type double patenting are now withdrawn.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
